LumenPros

LIGHTING & ENERGY SERVICES

LED Vapor Proof

24W / 48W / 72W / 95W

Industrial, Commercial, Food Production & Agricultural

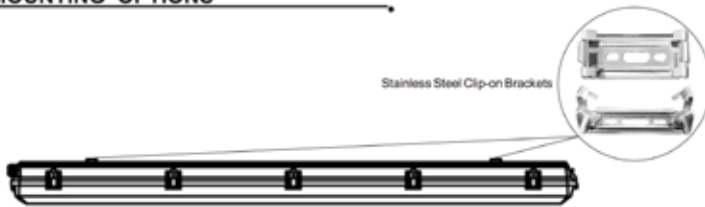

DESCRIPTION

The LumenPros VaporProof Series is a high performance vapor proof series of fixtures designed for a wide variety of harsh environments. Manufactured of a strong, chemical resistant fiberglass housing and high impact lenses, this series is designed for durable performance and high efficiency. Available in 24 through 95 watt options. The VP series utilize high efficiency, brand-name mid-power LEDs and reliable long life LED drivers. Designed to meet IP65 requirements for wet locations. The VP series can provide bright, efficient, and reliable lighting in industrial, agricultural, commercial and food processing facilities.

SPECIFICATIONS

HOUSING:	Fiberglass Body F1 Rated
LENS:	Clear or frosted high impact polycarbonate
GASKET:	gasket for reliable, long life performance
POWER:	24W / 48W / 72W / 95W
INPUT VOLTAGE:	100-277VAC or 347-480VAC
IP:	65
DRIVER:	Meanwell
DIMMABLE:	YES (0-10v)
LAMP LIFE:	100,000 hrs
POWER FACTOR:	>0.99
LUMENS:	3500 - 13,250
COLOR TEMP:	2700K / 3500K / 4000K / 5000K
FINISH:	White
CERTIFICATIONS:	UL / DLC / NSF
WARRANTY:	5 Year Warranty

MOUNTING OPTIONS

DIMENSIONS

24W	50"L x 4"W x 4.5"H
48W	50"L x 4"W x 4.5"H
72W	50"L x 10.5"W x 4.5"H
95W	50"L x 17.5"W x 4.5"H

PHOTOMETRICS

24W	- 3500 LM @ 5000K
48W	- 6,830 LM @ 5000K
72W	- 10,200 LM @ 5000K
95W	- 13,250 LM @ 5000K
