24, 48 and 65 watt

100 and 150 watt

MOUNTING OPTIONS

Stainless Steel Clip-on Brackets

DIMENSIONS

24W 50"L x 4"W x 4.5"H
 48W 50"L x 4"W x 4.5"H
 65W 45.66"L x 4.73"W x 4.25"H
 100W 50"L x 10.39"W x 4.5"H
 150W 50"L x 10.39"W x 4.5"H

PHOTOMETRICS

24W - 3120 LM @ 5000K
 48W - 6100 LM @ 5000K
 65W - 8450 LM @ 5000K
 100W -13,000 LM @ 5000K
 150W -19,500 LM @ 5000K

LED Vapor Proof

24W / 48W / 65W / 100W / 150W

Industrial, Commercial, Food Production & Agricultural

DESCRIPTION

The LumenPros Vapor Proof Series is a high performance vapor proof series of fixtures designed for a wide variety of harsh environments. Manufactured of a strong, chemical resistant housing and high impact lenses, this series is designed for durable performance and high efficiency. Available in 24 through 150 watt options. The VP series utilize high efficiency, brand-name mid-power LEDs and reliable long life LED drivers. Designed to meet IP65 requirements for wet locations. The VP series can provide bright, efficient, and reliable lighting in industrial, agricultural, commercial and food processing facilities. Standard is 130 lumens per watt 150 is available for an extra charge.

SPECIFICATIONS

HOUSING:	PC
LENS:	Clear or frosted high impact polycarbonate
GASKET:	Gasket for reliable, long life performance
POWER:	24W / 48W / 65W / 100W / 150W
INPUT VOLTAGE:	100-277VAC or 347-480VAC
IP:	65
DIMMABLE:	YES (0-10v)
LAMP LIFE:	100,000 hrs
POWER FACTOR:	>0.99
LUMENS:	3120 - 19,500
COLOR TEMP:	2700K / 3500K / 4000K / 5000K
FINISH:	White
CERTIFICATIONS:	UL / ETL / DLC / NSF
WARRANTY:	5 Year Warranty
